11 NON-PARTISAN LEADERS INDICTED TODAY

16 INDICTMENTS RETURNED AGAINST A. C. TOWNLEY

TEN OTHER MEN ALLEGED INVOLVED IN SCANDINAVIAN-AMERICAN BANK AFFAIR

ONLY ONE "BIG MAN," A FORMER BANK EXAMINER, REMAINS TO BE ARRESTED

(By United Press.)
 Fargo, May 22.—Arthur C. Townley, former president of the Nonpartisan League, today gave \$12,000 bond to appear at the next term of court in answer to 16 indictments returned against him last week.

Townley is accused to encouraging false entries and of embezzlement in connection with the failure of the Scandinavian-American bank.

Ten other men have either been arrested or have promised to appear in answer to indictments returned against them. Only one more "big man" remains to be arrested, according to Sheriff Kraemer. He is a former bank examiner.

H. J. Hagan, former president of the bank, indicted on 33 counts, is enroute from Seattle to give bond, it is understood.

F. W. Cathro, former director of the Bank of North Dakota, which loaned the Fargo bank money, was indicted on six counts, and is enroute from Bottineau, it was understood.

J. J. Hastings, former vice president of the bank, is at Pocatello, Idaho, and will come here as soon as the health of his wife permits him to leave her bedside.

H. A. Paddock, of Minneapolis, former attorney for the Consumers' Stores company, has arranged bond. He is alleged to have encouraged false entries in order to obtain money for the company to operate.

H. B. Ellis, former cashier of the Casselton State bank, was also indicted, and is fighting extradition from Dallas, Oregon.

P. R. Sherman, former director of the "Scan" bank is fighting from Los Angeles where he was arrested with H. G. Eggan, former cashier of the institution.

Eggan is coming back.

P. L. McAneny, former member of the credit department of the Bank of North Dakota, has given bond.

William Lemke, former attorney general, and Lars Christianson, former cashier of the bank, have also given bond.

George Totten Jr., former managing editor of the Courier-News, Fargo non-partisan organ, was indicted on a technical charge of forging Ole Kaldor's name to a check for \$105.

Kaldor was treasurer of the league.

COLLINS, GRIFFITH TO CONFER WITH CABINET

(By United Press.)
 London, May 22.—Michael Collins and Arthur Griffith will come to London next week and there confer with the British cabinet regarding the situation in Ireland, it was announced at the house of commons this afternoon.

Secretary of the Colonies Churchill made the announcement. He said that the Collins-De Valera agreement apparently raises very serious issues affecting not only the character and validity of the Irish elections, but also affected the treaty between England and Ireland, it was stated.

U. S. MARINES TO PROTECT THE MAIL

(By United Press.)
 New York, May 22.—Permanent use of U. S. marines to protect valuables in the New York postoffices today was advocated by postal officials from Washington, following a rigid investigation of affairs here connected with 49 ex-criminals who were discovered among 150 workers recently added to the local office.

The revelation developed while investigation was centered around the theft of \$1,477,000 worth of Liberty bonds from the mails.

The Southwest is Swept by Another Tornado

ROLLER COASTER WRECK RESULTS IN 1 DEAD, SEVERAL HURT

(By United Press.)
 New York, May 22.—With one dead, three men and one woman hovering between life and death with fractured skulls, and three others badly injured, the district attorney started an investigation into the wreck Sunday of the Roller Coaster Star Light Amusement park.

C. F. Connelly, operator of the car, was under arrest charged with homicide.

FIRST WIFE NOW DEFENDS FLAPPERS' IDOL OF THE SCREEN

RUDOLPH VALENTINO IS NOW UNDER CHARGES OF BIGAMY

(By United Press.)
 Los Angeles, May 22.—Jean Acker, first wife of Rudolph Valentino, today came to the defense of the "flappers' idol of the screen," now under charges of bigamy as the result of his marriage to Patacha Rambova in Mexico a week ago.

"I am sure that they did not realize what they were doing," said Miss Acker today. "I can't say that I love Rudolph yet, but I am still one of the ardent admirers. He has my sympathy in this ordeal, and I feel for Miss Hudnut too. I hope that my former husband will not be prosecuted, and that his ill considered action will not interfere with his success."

Second Wife in Hiding

New York, May 22.—Mrs. Winifred Hudnut Valentino, wife of Rudolph Valentino, was in hiding here today.

Valentino faces a bigamy charge as a result of his marriage to the girl. She is believed to be with her mother, and that she will soon leave for Nice where her stepfather has a villa.

FREIGHT, PASSENGER RATES REDUCTION PLAN IS DISCUSSED

STARTED BY COMMITTEE OF RAILROAD EXECUTIVES AND I. C. C.

(By United Press.)
 Washington, May 22.—Discussion of plans for reducing freight and passenger rates started today by the committee of railroad executives and the interstate commerce commission as the result of the dinner conference at the White House Saturday night to 19 railroad persons. The conference today lasted nearly two hours, and will be resumed Tuesday.

BELIEVED SHOOTING OF MAN AND WIFE IS AN ACCIDENT

(By United Press.)
 Aurora, Ill., May 22.—Officials today believed the killing of Eugene Hummer and the shooting of his wife at Fox River Park three miles from here, was either an accident or the work of a moonshine crazed man.

The Hummers have no enemies that authorities could find trace of who might wish to harm them. Mr. and Mrs. Hummer and their daughter, Edith, 11, came to Aurora to spend Sunday. They parked their auto in the amusement park.

While seated in the machine, a shot was fired from across the river, striking Mrs. Hummer, but not injuring her critically. Hummer stood up in the machine and started to yell across the river. A bullet pierced his heart. Police said three autos sped away from the spot across the river from where the shots were fired.

HARDING'S RATE REDUCTION PLEA AGREED TO BY RYS.

EXECUTIVES VOTE TO NAME COMMITTEE OF FIVE TO RECOMMEND REDUCTIONS

PRESIDENT EMPHASIZES NEED FOR CUT TO BRING RETURN OF PROSPERITY

Washington, May 22.—Railroad presidents of the country agreed with President Harding to do all in their power to bring about voluntary freight reductions, particularly on basic commodities, in order to serve in bringing about a return of prosperity.

After nearly five hours conference at the White House where they were joined by the chief executive, the railroad officials told the president that they felt his plea for a readjustment of freight rates downward was justified although there were many operating problems to be taken into consideration.

They voted at the conclusion of the long discussion to name a committee from the railroads to take up the problem and to recommend what voluntary action could be taken toward lowering the rates.

Following the conference which was adjourned at 12:30 o'clock a. m. (Sunday) President Harding authorized Secretary George Christian to make the following official statement:

"The president invited the railroad presidents and board chairmen to dine with him and confer on further relief in railway service along particular lines similar to the voluntary reductions made some months ago, more particularly relief on such basic commodities as may be found necessary to speed up commercial and industrial restoration.

"Naturally the whole railway problem was discussed and there was the presentation of the difficulties of railway management under existing circumstances. The railroad presidents voiced a unanimous desire to make the fullest possible contribution to restored and maintained prosperity.

"Of course, the various aspects of the transportation problem were discussed, particularly the necessary preparation of new and repaired equipment to amply serve the country when the normal sway of commerce is restored.

"The president made it clear to his guests that he was undertaking none of the duties of rate making or recommending but that he felt that much could be accomplished in a conference and that helpful results must attend the co-operation of the railroad heads with a government body charged with the duty of regulating rates.

"After a thorough discussion the presidents voted to have a committee named from their members to take up the problem and recommend what action should be taken."

Will Ask Wage Reduction

Washington, May 22.—Reductions in railroad wages may be asked by railroad executives before they will agree to the freight rate cuts decided by President Harding, it was learned here today.

It became known that the executives in the dinner conference at the White House Saturday were rather reluctant to approve as large reductions in rates at the president wants.

The rail executives also were said to have raised another objection to a big cut in rates, namely, that the reductions would cause increased traffic, necessitating additional equipment which could not be purchased if receipts were reduced.

Should the executives insist on further wage cuts, voluntary agreements to cut rates lower than the interstate commerce commission feels it is justified in doing under the law, seems very doubtful.

The strongest objection would be raised to reductions in the pay of rail

ALBERT LEA, MINN., HAS HALF MILLION DOLLAR FIRE EARLY SUNDAY

(By United Press.)
 Albert Lea, Minn., May 22.—Fire starting in a garage destroyed or caused heavy damage to ten business places in Albert Lea's central business block early Sunday morning.

The damage was estimated today at nearly half a million dollars.

The Skinner-Chamberlain company was the heaviest losers and the automatic sprinkling system drenched every part of the stock on their floors. Two small restaurants, a harness store, the Christianson garage, Bolland Clothing company, Jensen Grocery, Harm's jewelry store and the Central Electric company were burned out.

CALLS FORD'S IDEA RAID ON TREASURY

(By United Press.)
 Washington, May 22.—The offer of Henry Ford for the lease of Muscle Shoals project was characterized as the "most extraordinary attempt to raid the treasury that has ever come to my attention" by Col. Hugh Cooper, of Stamford, Conn., international expert of water power development, testifying before the senate agricultural committee today.

Cooper declared that the Ford offer would cost the government \$1,485,000 over and above what Ford contemplates paying into the treasury towards completion and interest payments on the project.

workers, it was said at the headquarters of the railroad brotherhoods.

Leaders hold that the general railroad payroll has been cut greatly while rates are only slightly under the war time peak.

GIRL BANDIT IS LATEST IN HOLD UP AFFAIRS

MILL CITY MAN ENGAGES IN GUN BATTLE WITH FEMALE INTRUDER

(By United Press.)
 Minneapolis, May 22.—Christ Kruse told police today he believed he wounded a girl bandit who invaded his home last night.

Kruse engaged in a gun battle with the intruder. Two shots were fired at Kruse, which narrowly escaped his wife and two babies. One tore into the pillow on which Kruse had been sleeping.

The intruder escaped through a back alley. A neighbor said he was sure the figure was that of a woman in man's attire.

Footprints in the yard confirmed the belief. Police said they were exactly like the footprints of the girl who chloroformed five members of the W. A. Folsom household Saturday morning and escaped with \$60.

The watch dog was also chloroformed.

NORTHWEST NEWS

(By United Press.)

More Mennonites Leave for Mexico
Winnipeg, May 22.—Another trainload of Mennonites will leave the Plum Coulee district this week for Mexico. The train will consist of about 23 cars, carrying families and household effects.

Reports from the Mennonites already in Mexico are that conditions are entirely satisfactory. Prospects for good crops and fair treatment are said to be good.

The movement of Mennonites to the south is said to be instigated by the younger and more forceful members of the sect, rather than by the older members as is popularly believed. Many of the older and more successful farmers in the Plum Coulee district are not going to migrate. They fear that they will not be able to select farms of similar value to those they have acquired here.

St. Paul Trade Tour

St. Paul, May 22.—The first 1922 trade tour of St. Paul business men and manufacturers' representatives pulled out for southern Minnesota early today.

A special train carrying 125 men started for Albert Lea—the first night stop—with about a dozen stops scheduled in between. There will be the usual parade and visit to business houses at Albert Lea.

A similar program will be carried out at each of the "night stops." The tourists will be in Fairmont tomorrow night; Pipestone, Wednesday; Montevideo, Thursday; Wahpeton and Breckenridge, Friday, and Pelican Rapids, Saturday evening.

Minneapolis Trade Tour

Minneapolis, May 22.—Seventy towns are on the itinerary of the Minneapolis Civic and Commerce association trade tour which started for North Dakota today.

More than 100 veterans of previous trade tours boarded the special that will travel over the Soo line, Northern Pacific and Great Northern route.

Leaving Minneapolis the train hits for Alexandria with a dozen stops scheduled in between. Tuesday the special will head into North Dakota and stop over night at Oakes. Wednesday's "night control" is Valley City where a big celebration is planned. Thursday night the train will get in Breckenridge and Wahpeton and Friday night's control is Willmar, on the rout homeward.

Go on Trial for Murder

St. Paul, May 22.—Frank Hulvey, charged with the murder of Charles Cotter, was expected to go to trial today. His trial was recently postponed

Member of the Ulster Parliament Assassinated

(By United Press.)
 Belfast, May 22.—W. J. Twaddle, member of the Ulster parliament, was shot to death by three assassins in the street today. Seven shots were fired into his back. The murderers escaped.

The northern cabinet was immediately summoned by Sir James Craig to consider this new outrage.

A powerful internal machine charged with high explosives and capable of wreaking terrible disaster, was discovered today in a cable box in the heart of the city of Belfast.

FEAR CRAZED SAILORS RUN AMUCK ON LINER

CROWD WOMEN PASSENGERS OVERBOARD INTO THE OCEAN

(By United Press.)
 Brest France, May 22.—A rush of fear crazed Lascar sailors, armed with knives to the boats of the liner Egypt, cost the lives of women passengers who were hurled aside or forced overboard, according to signed statements of survivors of the sea tragedy off Brest, when the vessel sank, carrying 98 persons to their deaths.

Two American ladies, missionaries, were definitely believed to have been lost. They were Mrs. M. L. Sibley, of Detroit, and a Mrs. V. M. Boyer.

R. F. Bevan, the only other American aboard the Egypt, which sank following a collision with the French steamer Seine, was saved.

NEGRO CONFESSES TAKING HUSH MONEY IN ROBBERY CASE

(By United Press.)
 Superior, May 22.—Grilled in connection with the alleged complicity in a \$3,000 robbery, Charles Smith, a negro, was arrested Saturday in Minneapolis and confessed he accepted \$100 "hush money," according to local police.

H. E. Cody, alias Ryan, Georgianna Tommelli and Smith were held in connection with the theft of the money of John Ceruto, Duith, who had strapped currency to his thighs preliminary to leaving for his home in Italy where he planned to pass the remainder of his days.

Smith, according to police, aided the couple in getting Ceruto intoxicated. Ceruto was slugged and robbed. Smith denied complicity in the assault.

because of the illness of his attorney, Hiram D. Fankel.

Cotte was shot during a scuffle with three robbers in his hotel near the Indian Mounds. Hulvey was arrested and charged with the murder on circumstantial evidence that Hulvey and his wife had tried to extort money from Cotter, who was said to have been familiar with Hulvey's wife.

Indian History

Bismarck, May 22.—Valuable Indian history which he collected through personal search will be given to the National Conference of State Parks meeting at Bear Mountain Inn, Iona Isle, N. Y., this week, by Dr. Melvin R. Gilmore, who is representing North Dakota at the convention.

Dr. Gilmore, curator of the North Dakota Historical society, has made a special study of the Mandan Indians. Through his foresight many of their interesting traditions and customs which were fast vanishing with the death of the old warriors will be preserved for future generations.

John Barton Payne will preside over the national conference this week.

In the early part of May Dr. Gilmore presented his valuable history in an address to the National Museum association at Buffalo.

THREE PERSONS ARE REPORTED KILLED, SEVERAL INJURED

SOUTHERN KANSAS, OKLAHOMA AND NORTHERN TEXAS REPORT BIG DAMAGE

CLOUDBURSTS ACCOMPANIED TORNADO CAUSING BIG DAMAGE BY FLOODS

(By United Press.)
 Oklahoma City, Okla., May 22.—Three persons were reported killed and several injured in a tornado and cloudburst that swept the southwest Sunday night demoralizing communities in Oklahoma, Kansas and Texas.

The storm toll was:

O'Keene, Okla., two women reported killed in tornadoes. Heavy property damage.

Shawnee, Okla., one woman killed, two injured.

Southern Kansas, property damage from cloudburst at Belle Plaine. Damage from tornado at Winfield and Wichita.

Walnut Springs, Texas, tornadoes in Boone county, cloudbursts and floods in Somerville county.

Senator Caraway Will Present More Evidence In Morse Pardon Matter

(By United Press.)
 Washington, May 22.—More documents to support the charge that Attorney General Daugherty and Thomas B. Felder, Atlanta attorney, had a contract with Charles W. Morse thru which they were to receive \$25,000 for obtaining his release from the penitentiary in 1912, will be placed before the senate this week, Senator Caraway started today.

Caraway started a stir in political circles here Saturday by reading to the senate some photostatic copies of documents signed by Daugherty and Felder which, he said, showed the attorney general helped obtain the Morse pardon.

Republican leaders in the senate were expected to confer today as to how to meet Caraway's continued attacks. His charges Saturday were made in the face of statements by Senator Watson, of Indiana, who said the attorney general had told him that he was not in any way connected with the Morse pardon. Caraway's presentation of the alleged Daugherty letter and the Daugherty-Felder contract already has caused friction between the department of justice and the republican senate leaders.

Early today it was said at the department of justice that there was no statement from Daugherty in reply to the charges of Caraway. The attorney general had steadfastly refused to discuss the matter.

Washington, May 22.—A complete account of how Attorney General Daugherty and Thomas B. Felder, Atlanta and Washington attorneys, are alleged to have obtained a pardon for Charles W. Morse, from the Atlanta penitentiary in 1912, was given in two letters published exclusively today in the Washington Daily News.

Facsimiles of part of the correspondence were printed. The letter, giving what was purported to be the story of the activities of Daugherty and Felder in the Morse pardon case, was signed by T. B. Felder.

It apparently was written because Felder thought Morse had failed to pay Daugherty and Felder the \$25,000 fee, which, according to the copies of the alleged contract inserted in the congressional records Saturday by Senator Caraway, of Arkansas, the two lawyers were to receive if they obtained Morse's freedom.

Afraid of It.

"You had a good start at college; you were on the highway to a well-rounded education. Why did you give it up?" "I heard that it was folly to be wise."

THE WEATHER

Forecast for the week—Generally fair, but with probability of occasional local showers; moderate temperature.

For-cast for next 24 hours: Minnesota—Unsettled weather tonight and Tuesday probably showers. Not much change in temperature.

Cooperative observers record: May 20—Maximum 70, minimum 42. Reading in evening 60. Southeast wind. Cloudy. Barometer 28.7. Hygrometer dry 60, wet 55. May 21—Maximum 76, minimum 47. Reading in evening 71. Southeast wind. Clear. Barometer 28.8. Hygrometer dry 76, wet 63. May 22—Minimum during the night, 53. At noon 76. Southeast wind. Barometer 28.9. Hygrometer dry 76, wet 63.

Any one not a member wishing to buy tickets for the Country Club dance may secure same from either Mrs. R. J. Tinkelpaugh, Mrs. R. T. Campbell or Mrs. A. C. Weber. The dance will be given Tuesday evening, May 23, at 10 p. m. with the Blue Ribbon orchestra playing.

Use better gas. Standard price. Sold at all garages. 28812

Wreckers of the section of the old Walker block, which is the site for the new Brainerd State bank building, leveled it before noon Monday. The crew of 20 men working under the direction of Foreman Johnson of the A. Moorman & Co. firm of building contractors has made remarkably quick time.

Radio fans are interested in the radio equipment assembled in the display window at Taylor's Sales Service rooms, South Sixth street. In the outfit are Westinghouse receiver, radiotron detector tube, radiotron amplifier tube, telephone receiver, telephone, B. battery, antenna equipment and cove.ola.

Another car of extra fancy Arkansas Strawberries will arrive Tuesday, May 23. Order early from your grocer.

Brainerd's delegation has returned from the Lions' club district convention of the Twin Cities. Among those

attending were A. W. Force, O. J. Bouma, John H. Krekelberg, Harry Butler and others. A large proportion traveled by automobile.

A Brainerd man was arrested for speeding on the broad, trunk highway near Millaca. Speed cops on motorcycle overhauled him on the country road when he was going 40 miles an hour and a justice of the peace fined him \$15 and costs. The legal rate of speed on country highways is 25 miles an hour.

There have been two withdrawals in the race for county commissioner in the second district. Michael Mare withdrew because of business reasons, and A. C. Larson of Sibley township also withdrew. This leaves four candidates in the second district, R. G. Harte, Bert Sabin, Edward Bonpel and W. H. Andrews.

All ex-service men whether they are or are not identified with organizations are invited to the meeting of ex-service men to be held in Elks hall this evening at 7:30 o'clock for the purpose of making arrangements for Decoration Day. This meeting is of vital importance to exservice men who are interested in the correct observance of this day. The veterans of all wars are asked to attend as are also the members of auxiliaries.

The dance given at the armory in Crosby Friday evening under the auspices of the Degree of Honor was attended by an unusually large crowd, says the Crosby Courier, all of whom seemed to have a good time. The weather was ideal for such an occasion and many Brainerd, Aitkin and other surrounding places were present and a big crowd remained until the dance was over. Schuck's orchestra furnished the music and added much to the pleasure of the evening.

Further meetings held by the water and light board to familiarize citizens with the object of the special election May 25 and to form sentiment in favor of voting for the bond issue and the hydrant amendment will be held this evening at 8 o'clock at the Lowell school under the auspices of the Northeast Brainerd Improvement League; Tuesday evening at 8 o'clock at the Harrison school. A meeting is also being arranged for Wednesday evening. Men and women of the city are urged to attend and hear a full discussion on Brainerd public utilities.

COMMUNITY SALES DAY

Expected That Second Event of This Character Will Bring Big Crowds—\$100 in Prizes Awarded

Two pages of advertisement in this issue of the Dispatch announce the

second Community Sales Day given through the co-operation of the various merchants of the city. This sales day is not a new idea. It has been tried out in other communities and has proven very successful. It has had the effect of bringing into the city people for many miles around and as well as creating much interest among the local people.

One feature of the day is the giving away of \$100.00 in prizes. Owing to the fact that it is so easy for the city people to register they carried away eighteen of the twenty prizes last month. The merchants have formed a new plan which they hope will distribute these prizes more equitably. A careful survey showed that they were trying to reach twice as many people outside of the city as there were in the city. That also took into consideration that this day was established primarily to extend the trade limits of the merchants of Brainerd. In order to carry this out as they believe it should be, giving those outside of the city limits a just representation of the prizes, seven of the prizes are to be given to those who live in the corporate limits of Brainerd and thirteen to those outside.

This will mean that all registering give their address very clear, so that there can be no mistake.

It is expected that there will be a large crowd in the city this day as the advertisements have been put out earlier than they were last month.

The merchants wish it understood that a registration may be made in each of the stores represented by the advertisements.

MOTORCYCLE DRIVER KILLED IN COLLISION

(By United Press.)

Little Falls, May 22.—Paul Seawall, 18, died Sunday from injuries received Saturday when he crashed head on into an automobile and was thrown from his motorcycle through the windshield of the car. He never regained consciousness. Seawall had turned out to pass a machine in front of him, and ran into an approaching machine.

COMMISSION TO INVEST GATE CRIME

Governor Preus Appoints as Local Member of This State Commission Hon. S. F. Alderman

POINTS TO BE CONSIDERED

Correcting Delay in Bringing Criminals to Justice, Abolition of Fire Arms, Etc.

Governor Preus has taken cognizance of the crime wave in the state by his recent appointment of a commission to investigate the growth of crime and to suggest to the next legislature laws that will correct some of the now existing evils.

Chief Justice Brown is chairman of the commission and its members include many of the best known jurists, attorneys and social workers in the state.

Hon. S. F. Alderman, county attorney and former senator, is the Brainerd member of the commission and Judge C. W. Stanton is the Bemidji member.

Governor Preus, in his announcement, outlines the following points that in his opinion should receive consideration:

The delay in bringing criminals to justice should be corrected.

More effective methods in the apprehension of criminals.

Whether further facilities for policing Minnesota are necessary to offset the ease with which criminals can commit crimes in farming communities and country towns and escape to places of concealment in fast automobiles over good roads.

The advisability of having a central bureau for records of criminals.

Whether the use of an automobile in the commission of a crime should add to the severity of the penalty, as is now the case where a crime is committed with the use of firearms.

Elimination of straw bondsmen.

Placing of limitations on the practice of permitting persons liberty on bail after conviction, since the constitution provides that "all persons shall before conviction be bailable by sufficient securities."

Abolition of firearms.

GIVES NEWSPAPERS GOOD ROADS CREDIT

"The Dispatch is extending good roads in its field—continuing an invaluable contribution to the Minnesota good roads movement begun before the Amendment No. 1 campaign in which it took an important part. And this is but one public service of many given by the newspapers of the state."

The statement was made by Charles M. Babcock, state highway commissioner. He had just received an official report that following announcement in this and other papers of a drive against auto tax slackers receipts in the license department had suddenly doubled and were averaging \$12,500 a day.

"Here is an added demonstration of the force of newspaper publicity and advertising," continued Mr. Babcock. "During the war it exerted a strong influence on the use of our savings and in many other directions, even to what we ate. Now it is collecting delinquent taxes for the state at the same time saving newspaper readers more penalties and costs. The state never can compensate the newspapers for their contribution to the good roads movement continued now in keeping highway plans and progress before the public and maintaining its interest in better roads."

Also, the highway commissioner, by way of keeping faith with newspapers announcing the auto tax slacker campaign, said that the 141st inspector was assigned to the work. All have instructions that ample warning has been given and prosecutions must be the order now, as was given out to the press.

CRITICAL TEST OF GENOA VENTURE

(By United Press.) London, May 22.—Lloyd George has postponed the critical test of his Genoa venture.

The British premier will make his report to parliament Monday or Tuesday of next week, when some sort of a test vote of confidence will be taken. Lloyd George rested at Chequers.

How Halifax Got Its Name.
Halifax, the capital of Nova Scotia, founded by Lord Cornwallis in 1749, is named after the earl of Halifax, the English statesman who served his country in the house of commons and house of lords from 1688 until his death in 1715. In England, the city of Halifax is of considerable importance as a market town.

STATE ROAD PAVING TAKES ONLY TENTH

Paving is taking about ten cents of each 1921 and 1922 state trunk highway dollar, more than 90 per cent of the fund under the Babcock Good Roads law being used for maintenance, grading, grading, bridges and similar work to distribute early benefits widely on the 7,000-mile system.

The foregoing showing is made on official figures in a state highway bulletin this week outlining methods authorized by the legislature for financing the trunk highway program. The paving summary lists 294 miles of which 58.65 miles is by the state and paid for direct from trunk funds, and the remainder or 235 miles is by counties acting under refundment and reimbursement laws.

Charles M. Babcock, state highway commissioner, points out that the state is building but one mile of hard-surfacing while four miles are laid by counties controlling funds which must be spent within their boundaries and subject only to state specifications and supervision.

The state paving at an average of \$28,787 a mile cost \$1,688,333 or about one-tenth of the total trunk fund revenue of \$16,170,000 for the 2-year period. The biggest project is that of 25 miles of concrete at \$630,554 on T. H. No. 1 between Northfield and Westcott only recently started.

Fourteen counties have filed claims for \$3,717,515 of refundments for 116 miles of paving at an average of \$32,058 and nearly all have been charged to the trunk highway fund, the bulletin shows. Sherburne county claims total \$520,227; Watonwan, \$518,780; Hennepin, \$346,488; Ramsey, \$338,605; Dakota, \$276,736; Stevens, \$252,135; Chisago, \$243,442; and Kandiyohi county, \$237,413.

Reimbursement projects in seven counties aggregate \$3,673,811 for 119 miles at \$30,859 average. St. Louis county leads with \$1,737,377; Itasca, \$843,291; Benton, \$559,474; Morrison, \$336,089 and scattered jobs make up the balance under the special legislative provisions.

AMERICAN LEGION MEETING TONIGHT

There will be a most interesting meeting of the American Legion tonight at the Elks hall. This is the last regular meeting until next fall. Arrangements have been made by Chaplain Fred Errington to feed all those who attend the meeting.

The Legion will put up a prize of a trip to New Orleans for the man who secures the most new members for the local Post in a campaign soon to be put on. This trip will be during the National Legion convention at New Orleans in October.

There are many other things of importance to come before the meeting including the Decoration Day program, the Poppy Day, and the motion picture "Cardigan."

Every Legion member and other ex-service men should attend this meeting.

READ THE DISPATCH ADS

SADDLE HORSE TOURS FOR THE YELLOWSTONE

Saddle horse tours, under the auspices of the Yellowstone Park Camps company, will be added to the Yellowstone attractions this season, according to announcement by the Northern Pacific today.

The saddle trips will start from Mammoth Hot Springs camp four times during the coming season, the dates being July 1st, July 15th, August 1st and August 15th. The duration of each tour will be 14 days and the complete cost will be \$196 per person, this price covering saddle horse, meals, individual tent, and complete paid transportation of personal baggage. Guide service will be furnished under direction of Tex Holm, of Cody, Wyoming.

Concordia Society
The Concordia society of the Bethlehem Lutheran church will meet this evening at 8:15. A very good program will be rendered. Everybody is cordially invited. Mr. and Mrs. Theodore Newgard will entertain. Program viz:

Song by Business and Professional Women Glee club.

Piano solo—Miss Gertrude Goedderz.

Vocal solo—Bruno Olsson.

Recitation—Harriet Halvorson.

Speech—Rev. E. A. Cooke.

Violin solo—John Goedderz. Accompanied by Miss Gertrude Goedderz.

Range, Duluth Clubs Combine in Legislative Way

The Duluth Chamber of Commerce and similar clubs on the range will combine efforts in an organization for the purpose of presenting a united front to the state legislature to obtain passage of legislation deemed necessary for the progress and prosperity of northern Minnesota, it was announced.

An association of commercial clubs from northeastern Minnesota will be formed at a meeting in Hibbing, June 5. William Ryerson, secretary; Ernest Huber, conventions and tourists department, and several members of the board of directors of the Duluth Chamber of Commerce will attend the organization meeting. Mr. Huber said.

Acceptance of the plan has been announced by Hibbing, Crosby, International Falls, Grand Rapids, Coleraine, Nashauk, Cook, Floodwood, Eveleth, Biwabik, Chisholm, Brainerd and Duluth.

The principal objects of the association will be to urge legislation establishing public parks in the lake region of northern Minnesota uniformity of road signs for the guidance of tourists, and a continuation of the highway building program.

A program of closer co-operation between Duluth and the range cities will be furthered by this combine of effort, Duluth Chamber of Commerce officials say.

\$10,000 Robbery in Chicago.
Chicago, May 22.—Two highwaymen armed with revolvers forced their way into the home of Edward Gertz, treasurer of the Chicago Retail Dry Goods association today, and escaped with jewelry valued at \$10,000.

BASEBALL BUNTS

John Donaldson, colored pitcher, has returned his contract and advance money to Browerville.

Elmer Brandell, Cy Olson and Fred Wines gave a great exhibition of hitting in a game played by the Elks club in Minneapolis recently. Cy rapped out four hits, two of them triplets. Brandell had two doubles and a single, and Wines two singles and two home runs. The Elks won their game from the Builders Exchange club 21 to 4.

Manager Bury, of the Browerville club, issues the following schedule of games already booked for his club for the present season: May 21, at Osakis; May 28, Brainerd at Browerville; May 30, Wadena at Browerville; June 4, at Wadena; June 11, at Verndale; June 18, at Bertha; June 25, Verndale at Browerville; July 9, Bertha at Browerville; July 16, Parkers Prairie at Browerville; July 23, at Park Rapids; July 30, at Alexandria; August 13, Park Rapids at Browerville; August 27, Alexandria at Browerville. Browerville will end its season September 17 and has but eight open dates on its schedule, all of which are soon to be filled.

Wadena's new battery is Ben Anderson, pitcher, from the southern part of the state, and Catcher Van Jones of Pine River.

New York, May 20.—Babe Ruth, King of Swat failed in his first game of the season here today and the Browns in a thrilling finish won from the Yanks, 8 to 7.

The Babe walked up to the plate four times, while more than 38,000 fans held their breath waiting for the Bimbo to uncork one of his famous ones. But the hits did not come. He struck out once, fouled out once and went out the other two times on easy rollers.

But there were thrills aplenty. Aaron Ward poked the ball into the bleachers with one on, but the big blowup came in the ninth, when, with two down, the Browns started on a rally which sent over seven runs. Jacobson was the hero in this inning, when he cleaned the bags with a fourbase clout.

The stands were packed to the rafters two hours before game time.

Ruth appeared in a brand new uniform and drew a tremendous ovation as he walked across the field, with his orphan mate, Bob Meusel.

The swat king doffed his hat 70 many times that he decided to keep it off and he walked bareheaded to the bench.

Ruth drove two home runs in the practice before the game.

Fredstrom-Bredenberg
A very beautiful wedding took place Saturday evening at 8:40 o'clock at the Bethlehem Lutheran parsonage, 717 South 7th street, when Miss Bessie Cecelia Bredenberg was united in marriage to Albin Eugene Fredstrom. The ring ceremony was used. Miss Leona Maghan was the bridesmaid and the brides brother Melville O. Bredenberg was the best man. Rev. O. S. Winther, pastor of

ROADS ARE RATED "GOOD TO FAIR"

Minnesota trunk highways—the Babcock roads—are rated generally "good to fair" again this week in the bulletin from the state highway department.

Unusually heavy traffic has cut up light-surfaced roads in many sections made soft by continued rains. Superintendents in all the sixteen maintenance districts report, however, that patrolmen are fighting to keep their beats smooth and will win with a few days of drying weather.

The weekly road condition bulletin has this report on roads in the vicinity of Brainerd. The whole bulletin is kept on file in the Dispatch office where tourists and others may consult same.

PERRY LAKE

Glen Roach and Sam Quist drove out from Crosby Wednesday afternoon to visit at the W. R. Mills home in Ossipee and the Clarence Wood home in Perry Lake.

George Huff has gone to Crosby to work in the mines.

A dance will be given in the Clarence Wood barn on the McFarlan farm Saturday, May 27th. Everyone welcome.

Among guests at the Robert Wood home last Sunday were Mr. and Mrs. W. R. Mills, Mrs. C. Shipka and son Edward of Ossipee, Mr. and Mrs. Frank Foote and children and Miss Louise Gordon of Crosby.

The Traverse Eastham and Roy Warner families drove to Brainerd last Monday, where Mr. and Mrs. Warner will spend the remainder of their vacation visiting at the home of their son Richard. Mr. and Mrs. Eastham returned the same day.

The road camp has been moved from Corner 16 to its present location near the Prushek school.

The Reno school will close Wednesday, May 24. Miss Green will resume her duties at the Trommald postoffice.

Mr. and Mrs. J. Huff were Sunday guests at the Eastham home.

Mrs. Chris Olander had an guest Friday afternoon. Medames Travis Eastham and Robert Wood.

DEFENSE DEALT BLOW IN TREASON TRIAL

(By United Press.)

Charleston, W. Va., May 22.—General Harry Bandholz, commander of the federal troops who went to restore order in the West Virginia mine war, today dealt a blow to the defense in the Blizard treason trial by failing to support the Blizard alibi.

In putting Bandholz on the stand, the defense expected him to testify that Blizard was in Logan county for reasons other than those connected with encouraging the march of the army of armed miners.

LOOK BACK AT WAR TIME TODAY

(By United Press.)

Duluth, May 22.—A look back at war days was offered here today with the departure of 120 men and 10 naval officers for Portsmouth, where they will board the U. S. Paducah to cruise back to Duluth harbor.

Lieut. H. R. Harris, of St. Paul, and Captain Guy Eaton will have charge of the detachment.

The Paducah will be used as a naval training ship for the navy reserve of this district. The vessel is a modern steel gunboat.

INTELLIGENCE OF VOTERS QUESTIONED

IN A carefully prepared newspaper article, Cordell Hull, chairman of the Democratic National committee, says that "the first need of the country is the restoration of a sound intelligent public opinion." In his judgment, therefore, the public that voted the Democratic administration out of power in 1920 was not an intelligent public. The 16,000,000 people who voted the Republican ticket, he says in effect, were not intelligent, but the 9,000,000 people who voted the Democratic ticket were, of course, intelligent. This assertion of Mr. Hull's reminds us of the juror who said that the jury could have agreed if the other eleven members had not been so stubborn.

But the 16,000,000 voters, all the same, knew exactly what they were doing, and why they did it. They had become tired of internationalism and wanted an administration that would think of America first. They disapproved of the wanton extravagance which had characterized the whole Wilson administration, and wanted economy practiced in government business. The judgment of the people was against the socialistic tendencies of the Democratic regime, and they desired to place in power men who promised to give individual enterprise a chance to put this country back on its feet.

They have not been disappointed. The tax burden this year was lifted to the extent of \$800,000,000. Income taxes were reduced and scores of "nuisance taxes" repealed. Numerous wastes were eliminated by a budget system. Liberty bonds were restored to par. Agriculture has been partially rescued from its deplorable depression. Interest rates have been reduced. America has been kept out of foreign entanglements and there have been negotiated eight treaties which mark the greatest step in the history of the world in the direction of peace and disarmament. Railroads are rapidly improving in both service and net income.

If Mr. Hull thinks the people fail to understand what has been accomplished, he mistakes the mental capacity of the average American voter. When he declares that the first great need is a "restoration" of intelligent public opinion he demonstrates his utter failure to understand the American public. That was the trouble with the managers of the Democratic party in 1920. Mr. Hull, we fear, will prove but a poor Moses to lead his party out of the wilderness.

THE PROPOSED CHARTER AMENDMENT

IN THE pamphlet issued by the Water & Light Board for the enlightenment of our citizens in regard to the proposed charter amendment to be submitted to the voters for adoption next Thursday, the Board explains that our annual taxes will be increased \$3 per hundred dollars of taxes now paid. The Board does not need the increase in the funds thus obtained, the pamphlet says, and proposes to return it by reducing water rates to metered consumers. The Board states that since the City pays the Board for electric current used for lighting streets what the service and current costs the Board, it sees no reason why the same principle should not be applied in the case where the city uses water and part of the water system to protect property against fire. Good business practice demands that any service be paid according to the cost thereof and it desires to do the same in the case of fire protection service. To the Board, the adoption of the amendment means proper bookkeeping and a justification for doing business as it should be done. We find no valid argument against this contention advanced by the Board; we should not object to our Board trying to use good business methods. To know that our commissioners want to use approved business methods, and to know that they are studying their problems seriously, is what gives us confidence in our Board members and in what they tell us.

CROW WING COUNTY'S 65TH BIRTHDAY

TOMORROW (Tuesday, May 23) will be the 65th birthday of twelve Minnesota counties, viz: Aitkin, Anoka, Carlton, Cottonwood, Crow Wing, Jackson, Martin, Mille Lacs, Murray, Nobles, Pipestone and Rock. These twelve counties, although not the oldest in the state, are among the pioneer state units established in Minnesota territorial days.

From the Minnesota Historical Society we learn that the Ojibway name, Kagiwigan, or Gagagiwigwini by some translators, meaning "raven feather river," later freely translated by the settlers as "Crow Wing," was applied to this county, which has since borne this name. Crow Wing county was organized March 3, 1870, following its establishment May 23, 1857.

THE RIGHT RING

PRESIDENT HARDING told the Chamber of Commerce of the United States a day or two ago that the American government did not want American industry destroyed to build up the commerce of some other land. "The United States does not wish to hold aloof," he added, "but we must always be right at home before we can go abroad on great problems."

He sure has the right ring. President Harding is a true American.

THERE is nothing new, says the Chicago News, in Lady Astor's assertion that there are few real Democrats. Governor Cox discovered that nearly two years ago.

YEGGS ROB DEPOSIT BOXES OF \$1,000 AT ATWOOD COFFEE HOUSE

(By United Press.)
Minneapolis, May 22—Yeggs drilled six inches of concrete wall at the Atwood Coffee House last night to get at a vault containing deposit boxes of employees. They obtained \$1,000 in money and bonds and escaped.

TWO BANDITS WITH GIRL ATTEMPT HOLDUP

St. Paul, May 22—Two bandits accompanied by a young woman were routed early today in an attempted holdup.
Abe Kolvas and his brother Sam were accosted by the trio. They yelled for help and the three fled. The girl was about 16 years old, they said.

WATER & LIGHT BOARD COMMENTS

The Water & Light Board has had a pamphlet printed in which it sets forth the purposes of the proposed amendment and bond issue to be voted upon May 25th. These pamphlets will be distributed to every consumer of water and light and all are urged to read it carefully. Beginning with the issue of the Dispatch for the 15th instant, we reprint a portion daily to make sure that all will study and learn. Special meetings will be conducted in different places about town where these questions can be discussed.

(Continued from yesterday.)

The Bond Issue

We are asking you to vote \$50,000 to be spent in improving the old worn out mains and extending the water mains into new places. We intend to sell and use only the amount needed and we may get along with less. It costs no more to vote \$50,000 than \$45,000 and it is wholly to our interest to use as little of the sum as possible because the Board bears the cost. The bonds will be 30-year bonds and bear interest at 5 per cent, and should sell now at par.

We want to re-lay several miles of old 4-inch and 6-inch kalamein pipe, which has been very costly in maintenance and is too small for service. Last year we paid out for repairs a sum of money that was equivalent in amount to 5 per cent on \$66,000, if such a sum had been borrowed. It will be big economy to spend the money for relaying the old pipes. The pipe to be relaid is wholly in the 1st, 2nd and 3rd wards, the other wards having had their old pipes relaid before this. In the 2nd, 3rd and 4th wards are several places where extra pipe must be laid to connect dead ends of present lines and improve the service, to do away with stagnant and foul water.

In the 3rd ward are some places where it is urgent that mains should be laid, and as it is also intended to lay mains into the Mill District, it becomes necessary to lay some very large mains now to provide for inevitable future expansion; this will make the work in that ward and district costly and could never be done from earnings of the Board.

West Brainerd, south of the railroad track, is to be served. A main will be laid across the river. This extension will be the least costly of all the work contemplated, and enough people have signified their intention to use water to make this a desirable extension.

In all places hydrant or fire service is contemplated, but if the 6-mill amendment does not carry, we ask now should hydrants be put in if adequate revenue from hydrant rental is needed to make these extensions paying propositions.

It is important to state that the bond issues for the water system have no bearing on the local tax rate. The Water & Light Department is self-sustaining and pays all the interest on the bonds issued for public utilities and pays off the bonds too. If it were not for this, your tax rates would be far in excess of the present rate and your water rates would be insignificant. It is strange that so many people insist on believing that the water-works bond issues make the local tax rate high; that is wholly untrue. Last year the rate was 77 mills and now it is 92 mills; that increase was made in behalf of the Brainerd School District and the Water & Light Board gains nothing from that increase.

Conclusions

The Water & Light Board is in favor of the extensions mentioned and it is in favor of giving fire service to those new consumers on a new extension. It is in favor of the 6-mill amendment because Brainerd owes it to itself to pay adequately for fire service and, on the other hand, help keep the meter rate down rather than boost it. Brainerd needs the 6-mill levy to give its citizens in the Mill District, Northeast Brainerd and West Brainerd fire protection, and it needs it most to give all its people street lighting all year round and not only part time.

Water & Light Board.

Uncle Eben.

"It's natural," said Uncle Eben, "foh a man to think well o' what he's doin' hisself. The party dats playin' de fiddle hones'ly believes music drives away dull care, but de neighbors mos'ly don't agree wif him."

GOLFER'S CORNER

Last Tuesday the Western Golf Association at the Edgewater Golf Club, held a field test of the new steel shafted golf club. The experiments were made by Bob MacDonald and Allan Gow, Chicago professionals and Chick Evans, former amateur and open champion. Each player drove six balls with steel shafted clubs and six with hickory shafted clubs.

The executive committee of the Western Golf Association on the following day announced that its investigations and tests showed that steel shafted golf clubs give no mechanical advantage to players and their use would be permitted in tournaments conducted by this association.

It will be remembered that the United States Golf Association recently barred the steel shaft, but in official circles it is understood that this decision may be reconsidered.

Golf club manufacturers admit that the hickory supply is very low and growing scarcer each year. They also say that only a very few hickory shafts can be produced from every batch of hickory cut. This, of course, gives some golfers better clubs than others. It also gives every golfer a different quality club. The new steel golf shafts, however, provide every golfer with exactly the same quality clubs. This new development gives the 100 and over player just as good clubs as the "professional" or champion has had.

Golfers say that these new steel shafts make their clubs feel good and hang right. They are lighter than hickory is brought over and the balance is brought lower and the balance is consequently more perfect. This nicety of balance, of course, is what golfers are constantly looking for. It permits them to feel the head and thus hit the ball more naturally.

The steel shaft will not help you drive further nor straighter as was proven this week in Chicago, but it does give the average golfer a better club—it gives him more confidence in his game. As we heard one man say the other day: "No club is going to help a man keep his eye on the ball any better." And as a leading professional said recently: "No one can make a golf club which will give a man a golf game, but if you can make him a stroke, he can use any old club and get good results."

When a club feels good in your hands; when it hangs right, then's when you play better golf. It therefore seems that it is the beautiful balance of the steel shafts which is making them so popular.

Care of Furniture.
Soap should never be used on wood finished with shellac or varnish or treated with furniture wax or oil. It possesses the property of destroying oily and resinous substances, and thus tends to eat away the coating, destroy the polish and expose the wood.

\$200,000 CASE ON IN DISTRICT COURT

Case of Thomas Keating vs Inland Steel Company on Trial Before Judge C. W. Stanton

ALLEGES VIOLATION CONTRACT Claims Mining Lease Not Complied With, That Company Left Mine in Damaged Condition

A case involving claims for \$200,000 came on trial Monday afternoon before Judge C. W. Stanton of the district court. It is entitled Thomas Keating vs the Inland Steel company and alleges that the company violated the terms of a mining lease of ground on the Cuyuna iron range, neglecting to use all ore mined and leaving the mine, it is further alleged in a damaged condition.

Attorneys for the plaintiff are Grace, Fridley and Crawford of Superior, Wis. and Ryan & Ryan of Brainerd. For the defense is Abbott, McPherran, Doan & Gilbert of Duluth. The case promises to last several days and will bring to Brainerd a great array of mining experts, etc.

In Robinson vs The Northwest Paper Company, the case went to a jury shortly before noon Monday. Ryan & Ryan appeared for the plaintiff. The case involved damages claimed for tying up three times Robinson's drive of 75,000 pieces of timber, poles, posts, ties, etc. on the river.

LUMBER SCHOONER RAMMED BY "SUB"

(By United Press.) San Pedro, Cal., May 22.—The lumber schooner Virginia Olsen, inbound from the Columbia river, was rammed by submarine H-7 in the outer harbor this morning.

The lumber boat had a huge hole in her bow, and reached dock in a sinking condition. The submarine, apparently undamaged, proceeded to sea.

\$12,000 Robbery in Mill City Minneapolis, May 22.—Armed bandits held up a fashionable Minneapolis residence today and escaped with jewelry valued at \$12,000.

Mrs. C. F. Deaver was bound and gagged and thrown in a clothes closet by the bandits.

Immediately after the robbery a maid, hired two weeks ago, disappeared. Police are looking for her.

PIKE ALMOST GOT THE CONVENTION

Two Big Wall-eyed Pike Exhibited by Brainerd Chamber of Commerce Secretary

NEARLY STAMPEDED THE LIONS

Final Vote for District Convention Stood Brainerd 31 and Faribault 38 Votes

(From St. Paul Pioneer Press) Who said "poor fish"

Two of 'em—wall-eyed pike—came within an ace of carrying off the next district conventions of Lions even after the selection of the next place of meeting had been virtually "cut and dried." It was generally understood that Faribault would be chosen, but Brainerd entered as a "dark horse" at the last minute, and when O. J. Bouma, secretary of the Brainerd Chamber of Commerce, showed the delegates two pike that had been caught there, it was only by the narrowest margin that Faribault "got away" with it. The vote was 38 for Faribault and 31 for Brainerd.

The two wall-eyed pike measured 30 and 28 inches and weighed 8½ and 8¼ pounds, respectively—which is "some pike."

At the opening of the fifth district convention Fargo, N. D., and Faribault, Minn., were strong contenders for the next convention. During the lunch hour there was a hint of "collusion" when cards appeared bearing the names of the two towns, Fargo and Faribault, under a joint initial letter. Suspicions were verified when the Fargo delegation voted for Faribault for the next convention, and E. T. Conmy of Fargo received the full strength of the Faribault delegation in the vote for district governor.

With the election of Conmy as district governor for the Lions, Fargo captured the district governorship of its third important order. Norman B. Black is district governor of the Rotarians and J. C. Pollock holds the same office in the Kiwanis organization. All are Fargos.

Thomas Taylor of Minneapolis was named district secretary and S. V. Saxby of Hibbing was elected district treasurer. F. J. Corry of St. Paul, Winthrop B. Chamberlain of Minneapolis and E. J. Conley of Superior were elected as directors.

Special City Election Thurs- day May 25th

Brainerd's special election Thursday May 25, is just as important as any in a presidential year.

Brainerd will vote on issuing \$50,000 bonds to be used for replacement of old water mains and extensions to Northeast Brainerd and West Brainerd systems.

Citizens will also vote on the amendment to the charter asking for additional hydrant levy, raising the same from 3 to 6 mills.

The polling places are as follows:

1st Ward—City Hall.
2nd Ward—Bowen paint shop.
3rd Ward—Hose house.
4th Ward—Hose house.

5th Ward—Noble paint store, 315 South Seventh street.

Election hours are from 6 a. m. to 9 p. m.

To carry the bonds requires a majority of the votes cast.

To carry the charter amendment requires 60 per cent of the vote cast.

TOURIST TRAVEL FOR MINNESOTA

Special Railroad Rates to Accommodate Travelers, Interest in Lakes and Fishing Increasing

RATES MAY 15TH to SEPT. 30TH

Many New Hotels and Cottages Have Been Built Throughout the State, Camping Grounds Fitted Up

Tourist travel to Minnesota is expected to begin much earlier than usual this season, and summer tourist railroad rates will be put into effect May 15th, two weeks earlier than usual to accommodate travelers, according to announcement of the Ten Thousand Lakes of Minnesota Association. The special fare and one-half rate will prevail from May 15th to September 30, carrying stopover privileges and return limit up to Oct. 31st.

Inquiries that are being received daily at the headquarters of the Ten Thousand Lakes of Minnesota Association indicate that the interest in fishing and in the lake resorts will be unprecedented this year. More inquiries have been answered than in any other previous season, up to this time, and resort keepers report their reservation are far in excess of the number usually on hand at this time of the year. Preparations are being made for the largest season in the history of the Ten Thousand Lakes Association.

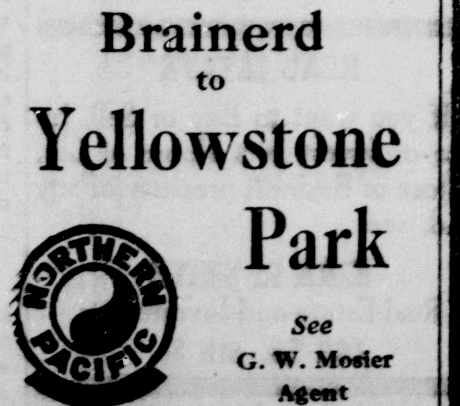

Minnesotans will be particularly interested in a special week-end railroad rate for trip from the principal railroad points to various lake resorts. This rate will be on the basis of one and one-tenth fare for the round trip, approximately the old one-way fare with war tax. This schedule of rates will go into effect May 19th and will continue throughout the summer. Week-end rate tickets may be purchased Friday and Saturday and will be honored on the return trip until midnight of the following Monday. It is believed this schedule will stimulate intrastate travel during the summer vacation season, and will attract many more thousands of city dwellers to the lake resorts in all parts of the state.

Many new hotels and cottages have been built throughout the state and the communities are getting their camping grounds in shape to take care of the visitors. It is the object of the Ten Thousand Lakes of Minnesota association to make the tourists visit to Minnesota so enjoyable that they not only will come again but will bring other tourists with them.

B. C. C. Alumni Club
The B. C. C. Alumni club will hold a special meeting at the Commercial College Club rooms Wednesday evening, May 24th. Every member of the club is urged to be present.

Molstad Pitching Shut Out Ball Sunday at Pequot, Brainerd Won Another Game

ALLOWS 3 SCATTERED HITS

Locals are Playing Good Baseball and are Highly Pleased By Turnout of Brainerd Fans

Brainerd won again!

Pitching shut out ball on the occasion of Brainerd's visit in Pequot, the county fair team was defeated 8 to 2, and Brainerd brought home the bacon. Molstad allowed but three scattered hits, holding Pequot to no earned runs. Errors by local players allowed Pequot two runs.

The boys are playing good baseball and are well pleased by the turnout of local fans.

Brainerd plays Browerville next Sunday and feels confident of winning, although they will play against a fast club. There will be a meeting of the players at the Chamber of Commerce Monday evening at 7:30 o'clock. All players and fans are requested to attend and help things along.

There will be a report from the grounds committee and some action will be taken.

The score by innings Sunday:

	r	h	e

ROMANCE ABOUT AVIATOR'S WEDDING

Walter Bullock, Youngest Flier Ever
Granted a License, Wedded After Aerial Courtship

MET HIS BRIDE AT RICE LAKE

She Developed a Fondness for Flying Which Matched His Own, Married in Brainerd

When Walter Bullock of Minneapolis, the youngest aviator ever to be licensed by the Aero Club of America, was married to Miss Lillian Larson of Rice Lake, Wis., May 10th, it marked the culmination of an unusual romance. The ceremony, as mentioned in the Dispatch of May 11, was performed by Rev. S. M. Kelly of the First Presbyterian church.

Mr. Bullock's romance, like most of his life was closely concerned with an airplane. Last winter while giving flying exhibitions in Rice Lake, he met Miss Larson, and she developed a fondness for flying which matched his own.

She took her initial flight with Mr. Bullock, and liked it so well that others quickly followed. Before the wedding ceremony in Brainerd, Mr. Bullock and his bride-to-be flew at an altitude of 8,000 feet from Breezy Point, to Brainerd.

Plan Home at Pequot

The bride is the daughter of Mr. and Mrs. Nels Larson of Rice Lake. The couple plan to live at Pequot, where Mr. Bullock is engaged in commercial flying.

Mr. Bullock became fascinated with aviation when he was 14 years old, and has retained his liking. In August, 1916, after he had left West High school, Minneapolis, because aviation was more of interest to him than school books, he persuaded his parents to send him to the Curtis flying field at Newport News, Va., where he learned to fly.

After completing his instruction, just after his seventeenth birthday, he obtained his aviator's license, and was the youngest by two years of all licensed aviators in the country.

Age Prevents Army Service

Mr. Bullock's age prevented his entering the aviation service of the army, but he has been a pioneer of

The bill now goes to the senate.

An Advantage to Young Men

Young men who are building savings accounts are tempted to make withdrawals at frequent intervals—usually for something they could get along very well without. For that reason we recommend to our young men patrons the Time Deposit which is placed in the bank for a definite length of time and which pays a liberal rate of interest. A Savings Account is good but a Time Deposit is better.

AMUSEMENTS

"Peggy Puts It Over"

Beautiful scenic backgrounds enhance the value of the Alice Calhoun production, "Peggy Puts It Over," which will be shown at the New Park

today and Tuesday. Much of the production was taken on a stock farm at Saugerties, a small town in New York state on the Hudson river. Cows, prize Guernseys, valued at \$175,000, are used for atmosphere. The four-year-old champion horse of the world in a two-mile record is also seen in the picture. The star rides this animal in one of the scenes. A colt belonging to the mare is also used for the purpose of atmosphere.

Brothers Pass on Train in Opposite Direction

After finishing work in "Sisters," the International Film Service production of Kathleen Norris' novel, in which he takes the leading male role, which will be shown at the New Park on Wednesday and Thursday, Matt Moore left New York for Los Angeles, where he expected to see his mother and his brother, Tom Moore, whom he had not seen in two years. Meanwhile, Tom Moore had received an offer to work in motion pictures in

the East, and he left Los Angeles at the same time Matt left New York. Neither brother advised the other of his trip, both planning surprises. When they reached the great American desert, the trains passed. Both brothers were on their respective observation platforms, and the speed of the trains not being great, they recognized each other as they passed.

POLICEMAN HURLED FROM THIRD FLOOR

(By United Press.)
Chicago, May 22.—Policeman James Mullen, guarding an apartment building under construction from attack of gangsters, was hurled from a third story window today and seriously injured.

Mullen saw suspicious characters entering the building. Believing they intended to bomb the structure, he followed them up the stairs to the third floor. Here they trapped him and shoved him from a ledge.

INLAND STEEL CO. NOT IN MERGER

(By United Press.)
New York, May 22.—That the Inland Steel company will be the next independent to withdraw from the proposed six company consolidation, was the belief expressed on Wall street today.

The combination of the remaining five companies is generally discounted.

DECLARES AUTO CHASED HIM

More Than That, Indianapolis Citizen Is Prepared to Make Affidavit That It Did.

A dweller in Washington boulevard is a witness to the truth of the proposition that the age of mysteries is not gone, remarks the Indianapolis News. He solemnly has asserted, in the presence of neighbors and friends, that an evening or two ago as he was driving toward his home he saw a small automobile of not unfamiliar make standing at the curb, deserted, and ill at ease, for it was belching not only smoke from the exhaust, but living sparks and occasional jets of flame. Like a small volcano tipped over to horizontal. The good citizen slowed down to observe the wonder at closer range, and finally stopped his own car near the curb, and a rod or two ahead of the modern Moloch, which was still spitting like a demon.

But the good citizen had no more than stopped when he was persuaded to start again. The persuasion came from the empty car which—as he affirms and is willing to attest by affidavit—suddenly lurched forward like

a live creature, and started toward him. He escaped from its path; he looked back, saw it climb the curb and scramble half way across the sidewalk. Then three men came running from across the street and seized and stopped it. The good citizen did not return to inquire into the wonder. He had made one narrow escape; he was alive and still clothed in his right mind, and he knew when he had seen enough for one short day.

FORM KNOTHOLE GANGS

One of the best things they are doing in the Texas league is to organize "Knothole Gangs." Membership in the "gang" permits the boys to see Texas league games free the coming season. At an organization meeting in Houston a thousand boys attended and signed up. The boys have to pledge themselves to be decent and square and all that before they are accepted. In Wichita Falls the Rotary club is in charge of the boys' organization.

BARNES SHOWS HOW TO HOLD "ILLUSIVE" PILL

In the reproduction given herewith Jess Barnes of the world's champion Giants illustrates three grips on the ball he uses just before tossing the pellet up to the batter.

At the top is shown the way the ball is held for using his baffling round-house curve, which had the Yankees whiffing the ozone during the world's series.

In the center he is holding the horseshoe ready to wing over a fast one.

At the bottom the ball is in position for the use of the "floater."

DOCTORS CLAIMED RECOVERY WAS ALMOST A MIRACLE!

Woman Facing Certain Death from Nervous Disorder Discovers Remedy in Time

Nervous disorders are on the increase. Men and women compelled to go out into the world to battle for a living quite often neglect their health to such an extent that a breakdown is the inevitable result.

Such neglect is criminal. In many instances it leads to fatal consequences. When you have moody spells, feel depressed, begin to have distaste for business or social duties, when you cannot sleep at night—these are sure signs of nervous ailments and should be checked.

Read below of the experience of one woman who, according to her own testimony, was

facing death, but who fortunately discovered the right remedy in time, and which brought her back to health and normal strength:

Miss Rena B. Crossland, Kempt, Queen's Co., N. S., writes: "I feel it a duty as well as a privilege, to tell of the wonderful benefits I derived from the use of Dr. A. W. Chase's Tonic Pills. In March, 1917, I had anaemia of the brain and the mental and physical suffering I endured is indescribable. I had treatment from three doctors, and for twelve days was unconscious; while for three months I was fed and cared for like an infant. My mother was so anxious for me to use Dr. A. W.

Chase's Tonic Pills that she crushed them and baked them in my food. After using two boxes I could feed myself; and after using them for two months, my health improved so rapidly that doctors and friends said my recovery was a miracle. I cannot recommend Dr. A. W. Chase's Tonic Pills too highly, even to those who seem to be facing death."

Dr. A. W. Chase's Medicines are on sale at all first class drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on every box. This trade mark is your protection against imitations and substitutes.—Advertisement.

Every Standard Oil Product a Primary Product

THE term by-product is susceptible of misinterpretation. In the manufacturing activities of the Standard Oil Company (Indiana) there are no by-products. The making of every product is a separate activity. Each is made to conform to a predetermined standard, and is judged strictly on its merits as a primary product.

Lubricating oils made by the Standard Oil Company (Indiana) conform to a standard fixed by lubricating engineers to meet the needs of various types of machinery. The standard being fixed, it is necessary to obtain crude oil of the particular type best adapted to yield the lubricating units which will conform to this standard.

There are many kinds of crude petroleum, each differing one from the other. Even between the oils delivered by different wells in the same field a considerable variance has been noted. One kind of crude oil will yield a maximum of lubricating oil of fine quality; another may yield little, or none, of these fractions, but will yield a maximum of gasoline.

In selecting crudes for lubricants, for instance, the Standard Oil Company (Indiana) has been careful to choose those which have the physical characteristics necessary to maintain the correct lubricating body under working conditions. These crudes are then carefully processed and refined to produce the long line of lubricants manufactured and sold by the Standard Oil Company (Indiana).

Their manufacture is a business in itself. From the choice of materials which go into them, down to the last operation of refining, they are of primary consideration. This care in the selection of raw materials; every step of the refining process, and the fact that products manufactured by this Company are of superior quality is recognized generally. This is evidenced by the fact that during 1921 nearly 25 million gallons of Polarine, the Perfect Motor Oil, were needed to supply the demand.

So with every product refined by the Standard Oil Company (Indiana). Each is made to perform a certain service, and each goes to the consumer with the unqualified guarantee of this Company that it is exactly as represented and that it will give a maximum of service, at a price which is fair to all.

Credit to Our Profession
Intentions count only when the man behind them works quite diligently to carry them out... We intended to become a credit to our profession and we have done so
D.E. WHITNEY
DIRECTOR OF FUNERALS
720 FRONT ST.
BRAINERD, MINN.

His Time.

There is a story told of Mark Twain's boyhood. He was staying with his brother, who was a model Christian. One morning, shortly after the family were seated at breakfast the voice of the young boy was heard from upstairs: "Has the Scripture lesson been read?" he shouted. "Yes," they answered. "Family prayers over?" "Yes." "Grace been said?" "Yes." "All right, I'll be down in a minute."

Birds That Are Weather-Wise.
Some birds are good weather prophets. The green woodpecker is known in some parts of this country as the "rain-bird," because you hear his laughing cry so often before a deluge. The mistle-thrush, again, has gained the name of "storm cock," because he sings before wind or rain.

Cheerful Minds.
We are prone to think of contentment and happiness as things afar off which require much striving for, while all the time they may be close at hand if we will but keep our eyes and minds open. True entertainment means cheerfulness of mind and nothing can foster that more than little moments of happy contact with other cheerful minds.

Nova Scotian Ho.
In 1621 James I. sent a number of knights and baronets of Nova Scotia on a number of Scotch ships, one of whose object was to colonize North America.
